## Our Product Offerings for the Respiratory Treatment of Covid-19

March 12, 2020

Dear valued customers,

Respiratory care is a core element for the treatment of Covid-19.

GaleMed Corporation has specialized in the development of respiratory products since 1986. We offer a comprehensive product portfolio of 1,000+ products to customers in over 60 countries across a full services spectrum including contract manufacturing, private label and branded products. Our specialized product range covers the entire medical use cycle for the respiratory treatment of Covid-19, including patient transfer, critical care, and recovery care. Our products provide targeted solutions for oxygen therapy, respiratory management and respiratory rehabilitation including:

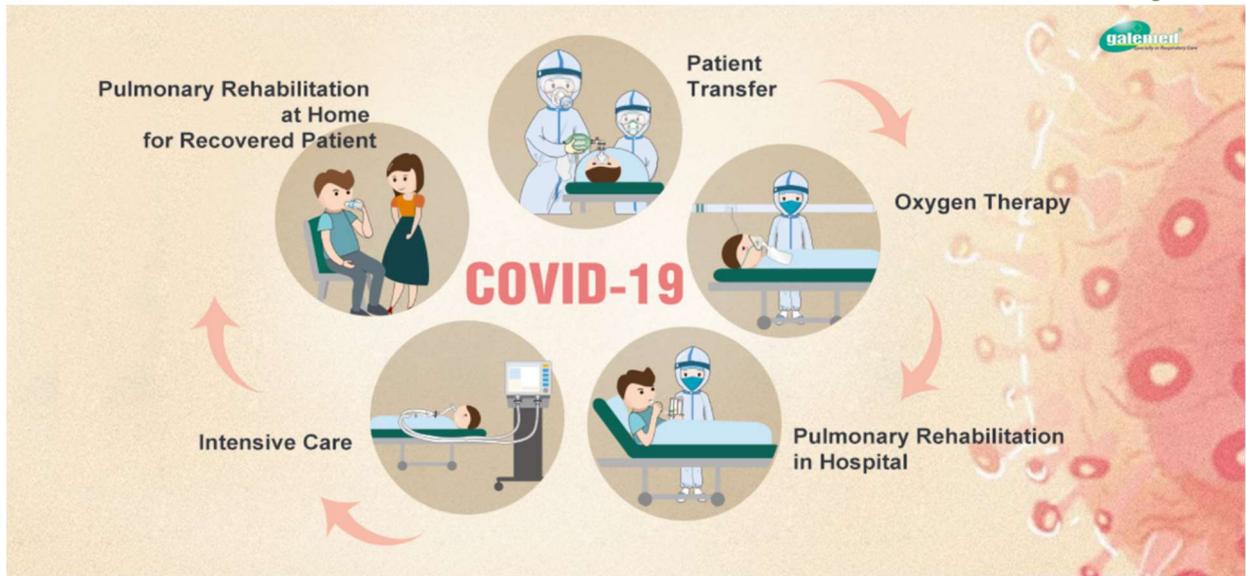

- **Emergency:** High-oxygen mask, Manual resuscitator, PEEP valve
- **Intensive Care:** Breathing circuits, Bacterial filter (HMEF/HEPA), Valved T-piece, MDI connector
- **Pulmonary Rehabilitation:** Tri-ball incentive spirometer, ECHO percussor, Peak flow meter, Dofin breathing strength builder, Positive expiratory pressure (PEP) device, Inspiratory muscle training (IMT)

Our award-winning product range has been recognized for high quality and innovation by various national industry associations and medical professional bodies. All our products are produced at our state-of-the-art manufacturing facilities in Taiwan and China.

We understand that there is currently a global shortage of medical supplies. Our manufacturing facilities are currently fully staffed and working hard to provide our mission-critical respiratory products to our valued customers.

Please also be noted that the product availability may vary due to the difference of treatment guidelines in each country. Should you have any inquiry regarding our services and product offerings, **please contact our sales representatives or via email at [sales@galemed.com](mailto:sales@galemed.com).**

Best regards,  
GaleMed Corporation

## Transfers for COVID-19 Patient

**Air Cushion Mask (Closed System)**

HEPA Filter

**Manual Resuscitator**

PEEP Valve

Mask

HEPA / Filter & HMEF

## Oxygen Therapy for COVID-19 Patient in Hospital

**Drug Inhalation Therapy**

MDI Spacer

**Oxygen Therapy**

Venturi Mask

Nasal Cannula

Non-Rebreathing Mask with Reservoir Bag

**Non-invasive Ventilator (NIV) Interface**

NIV Mask

CPAP Exhalation Valve

Silent Swivel Exhalation Valve

High Flow Nasal Cannula (HFNC)

## Pulmonary Rehabilitation for COVID-19 Patient in Hospital

**Airway Clearance**

Dofin™ Echo Percussor (OPEP)

Manual Percussor

**Lung Expansion Device**

PEP Device

Tri-ball Incentive Spirometer

**Respiratory Function Measurement**

GIOTM Digital Pressure Gauge

Dofin™ Peak Flow Meter

## Intensive Care for COVID-19 Patient

**GIOTM Digital Pressure Gauge**

**Manual Resuscitator**

PEEP Valve

Mask

Filter

**SVN Kit with T Adaptor**  
 Reduces the risks of infection or pressure drop within the breathing system.

T valve

MDI Spacer

HMEF

Filter

**Disposable Ventilator Circuit**  
 In addition to many general breathing circuits, GaleMed also offers a range of products with disposable single / dual heating wire breathing circuits and humidity therapy.

HSD Humidifier

HSA Humidifier

## Pulmonary Rehabilitation at Home for Recovered Patient

**Respiratory Muscles Training**

Dofin™ PEP combine SVN

Dofin™ RMT DT11: DT14

**Lung Expansion Device**

PEP Device

Tri-ball Incentive Spirometer

**Respiratory Function Measurement**

GIOTM Digital Pressure Gauge

Dofin™ Peak Flow Meter

**Airway Clearance**

Dofin™ Echo Percussor (OPEP)

Manual Percussor
